Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

### Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

### More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

### How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

**STEP ONE** - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

**STEP TWO** - Determine their Personality Cards.

Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

**STEP THREE** - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

### Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

**STEP FOUR** - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

## Relationship Interpretation LookUp Table

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.
Venus Period	Love, either close friendship or intimate, good for marriage or any relationship.
Mars Period	Aggression and Competition/Anger or Passion and Lust. A good marriage connection if you are a woman. Making love and/or fighting all year.
Jupiter Period	Spiritual and financial or material blessings. Very good influence for marriage or business partners.
Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you. <u>if you accept them with the right attitude. Otherwise, it is difficult or problematic.</u>
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. <u>Do not try to control them this year. They come and go unexpectedly.</u>
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. <u>Dream come true or nightmare?</u>
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

## Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

## All about Your Birth Card

*Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.*

### The King of Diamonds Person

#### The Businessman's Card

The King of Diamonds is the master of values, finances and business. In this regard he or she can do very well in any business pursuit, applying their inherited knowledge to their work with much success. These people are always more successful as heads of their own business rather than working for others. They can be very mercenary when it comes to money and business, but they don't have to be.

This is the only 'one-eyed' King in the deck, which tends to blind them to certain aspects of life and situations. This can also make them very stubborn and see things from only their side of the issue. King of Diamonds are known to make enemies for this very reason. Perhaps the upraised 'battle-ax' on their card represents a fondness for competition. However, all of them know what is of real value and if they follow their knowing instead of their fears, they can be the most respectable people in the business world. They must always guard against using their power to get things to go their way at the expense of others. With so much inherent power, the King of Diamonds can avoid dealing with their feelings and this is where many problems are created. There are often emotional issues from childhood that must be dealt with before the higher side of this card can be manifested. Until then, they can appear cold and ruthless.

They are very creative and can make huge amounts of money by using this gift. The King of Diamonds are powerful people who can do much good in the world and can be examples of those who are 'in the world but not of it'.

#### Some of the King of Diamonds Issues Concerning Relationships

The King of Diamonds is one of those cards that doesn't have any particular good or bad relationship karma. However, being Kings, they are quite powerful and unwilling to compromise, which can cause problems on the personal level. The women, especially, have to find a way to balance their strong masculine side in the context of a relationship where the accepted norm is the 'retiring female'. They tend to want to dominate or at least be an equal to their mates and not many men are willing or able to deal with such power in a woman. Some of the women give up trying after a few unsuccessful attempts. Some of the men do likewise. Both sexes can be guilty of looking at love and marriage strictly from a financial point of view. It is always best for them to keep their business and love life separate until they find the right match.

Both sexes could learn to express their fears and emotions to have better luck in romance or marriage. Honest communication bridges the gap and brings more intimacy. They are attracted to those of wit and good education and are often found working with their spouse in a business.

### *All about Your Planetary Ruling Card*

*The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.*

#### Six of Hearts as Your Planetary Ruler

This card makes you a 'peace-maker' and you will find yourself in the position of mediator from time to time as a result. You have the ability to see both sides of any personal conflict between people. You enjoy seeing things turn out right and will often get involved if there is injustice being done. You will always want to see that what happens is fair and equitable. You really know what is fair and what is not. You can be very competitive. Though a peace-loving person, you will probably return 'an eye for an eye' when you are crossed. Many people with this card excel at sports or other competitive activities. You could even become a lawyer. You will feel often that your personal life gets into a rut. Once you get comfortable with a certain person, it is usually hard for you to change, even when you may want to. You will usually wait to see what will come your way instead of going out and making it happen as far as your love life is concerned. Indeed, most of your important personal relationships are 'destined'.

### *Auspicious Events Occuring at Age 40*

*Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.*

You have no Auspicious Events Occuring this Year

There are years of life in which no auspicious events take place. This is one of those years for you. It does not mean anything special because there are still many influences and every year is an important year. Always regard your Long Range, Pluto, Result, Environment and Displacement cards as the most important indicators for each year of your life.

### About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

## *The Year-Long Cards Found In Your Birth Card Spread*

Your Long Range Card

*Your Long Range Card is perhaps the most important card of the year. It defines something or someone that will be a major focus of your attention. It is neither positive or negative, just a place where a lot of your time, energy or attention will be spent throughout the year.*

Your Pluto Card

*Your Pluto Card is also a very important card in the Yearly Spread. It signifies something or someone that will cause a significant change in some part of your life. It may define an area where you experience a 'mini-death' in your life, a place where you release a negative pattern to make room for a more positive way of life.*

Your Result Card

*Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. But in addition, the Result Card will be someone or something that you will end up with by your next birthday that is a blessing in your life. It is like the gift that you will receive for all the hard work you did this year to transform yourself.*

Your Environment Card

*Your Environment Card represents someone or something that will act in a beneficial manner for you throughout the year. It is an area where things will come easily to you, something or someone to be grateful for. It is always a good thing regardless of what card it is. You will collect good things from this card all year long.*

Your Displacement Card

The Seven of Hearts as the Pluto Card

This year you are likely to be challenged many times in the area of personal relationships. Either friends, family or lovers will cause you to see areas where you hold expectations and attachments to others loving you in certain ways. At times you may feel hurt or victimized by others and you may be tempted to blame others for your hurt feelings. A deeper examination will reveal that you have set yourself up for these downfalls by placing unreasonable demands upon those you love and care for. You will certainly see this and learn to rise above this level of attachment this year to a new way of being in personal relationships that is more healthy and expansive than you have had in the past.

You may also have gotten involved in some sort of humanitarian work or counseling work where you give a lot to others and this also may challenge you at times during the year. This is a year of developing a spiritual and unattached love for those in your life and to give both them and yourself the freedom to be who you are.

Look to your Result Card to find out who, specifically, may be involved in this raising of 'love consciousness' or to see what else is involved in it.

#### The Ace of Spades in the Saturn Period

This period could hold some kind of concealed trouble, such as a disease or illness, either yours or someone else's, and perhaps a secret kept from you. Something kept hidden could be hindering you. This is a good influence for healers and physicians. This card can bring a recovery from illness or some kind of reversal in your health picture. A desire to uncover the underlying causes of illness could lead to your recovery or that of someone else's.

As much as the Ace of Spades means a beginning, it can also mean an ending. It is the card of transformation and transformation means death of the old and the beginning of the new. If there are parts of yourself or your lifestyle that are due for a change, this is probably the time when it will happen. Your other Saturn Card could tell you more about this change or tell you what area of your life it will affect. Though most of us fear changes, they always lead us to something new and better.

### *Your Direct Uranus Card*

Your Direct Uranus Card

The Nine of Diamonds in the Uranus Period

This influence brings financial losses in a real estate or other matter, or the ending of a job. Avoid all speculative and 'quick money' deals at this time. Long term investments are OK, but one should be careful here too. This influence brings financial problems in the usual sense but also promises great success for those who are giving of their time and resources to charitable causes.

The basic meaning of this card is the 'ending of something valued'. Something that you have wanted and worked for in the past has now outlived its usefulness in your life and is passing away. If you are conscious of this as the end of a cycle for you, you will be able to let go and move ahead looking to the future for better things to come.

This is a good influence for spiritual matters, learning new spiritual information, attending classes, etc. Also, keep in mind that a positive card, such as a four, eight, or ten, in the other position this period would offset any problematic situations that may arise and bring about good results overall.

### *Your Vertical Uranus Card*

Your Vertical Uranus Card

The King of Spades in the Uranus Period

This powerful card guarantees success and accomplishment during this period. It is so powerful that you could simply decide what you want to accomplish and it will be so. You will have to work for it and you must be willing to look at yourself objectively and take whatever actions are necessary to accomplish your goals. But success is assured. The Uranus influence brings especially good results in work, real estate and group related activities. Also you may find success in computer or high tech related areas.

Men, especially older men, of the Spades suit will seem to be unpredictable during this period, and to a lesser extent, for the entire year. You would do best not to place too many expectations on them while they are this sort of influence in your life.

There will be some sudden and unexpected disappointment but it will pass quickly. This influence could also represent a sudden interruption in your education, perhaps because of a family member.

Your other Mercury Card may tell you what thing or relationship in your life that is coming to an end during this period. Nines usually mean that a cycle of life is coming to an end. Whether we feel like we are graduating or are disappointed because of the loss is entirely up to us."

#### The Ace of Diamonds in the Saturn Period

During this period you may experience a thwarted desire for money or a desire for money (fear of poverty) that brings problems or ill health. Any new businesses or money-making enterprises that begin now will demand a lot of hard work to get them to pay off. This could also represent a desire for money to help someone who is in need or ill. This is a karmic influence, that is, a payment for past actions. It may well be that some of the problems you are experiencing now stem from your actions in the past, especially if you have been overly attached to material status or possessions.

This influence leads to a general state of feeling impoverished and it tends to affect the entire year to some extent. It is interesting that our state of abundance is more about how we feel inside than the state of our external affairs. See if you are actually doing fine financially and simply worrying about it more than you need to.

### About The One-Year Reading for your First Karma Card

Our First Karma Card represents past-life areas in which we have an obligation to pay more attention to in the current lifetime. Sometimes it can represent our 'weak' side in one or more ways. It is said that we must give to the energy or issue that our First Karma Card represents. The real message with the First Karma Card is that we must pay more attention to it. By choosing to look at it and eventually embrace it, we fulfill its purpose in our life and derive a positive expression of it instead of the more negative expression that we start out with in life.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your First Karma Card. Cards in the First Karma Card's Yearly Spread will likely pertain to that part of your life in which you have to make adjustments and ammendments in order to get a more positive expression. As you read these influences keep in mind that events depicted in these spreads may have a karmic feeling to them.

## *The Year-Long Cards Found In Your First Karma Card Spread*

Your Long Range Card

*Your Long Range Card is perhaps the most important card of the year. It defines something or someone that will be a major focus of your attention. It is neither positive or negative, just a place where a lot of your time, energy or attention will be spent throughout the year.*

Your Pluto Card

*Your Pluto Card is also a very important card in the Yearly Spread. It signifies something or someone that will cause a significant change in some part of your life. It may define an area where you experience a 'mini-death' in your life, a place where you release a negative pattern to make room for a more positive way of life.*

Your Result Card

*Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. But in addition, the Result Card will be someone or something that you will end up with by your next birthday that is a blessing in your life. It is like the gift that you will receive for all the hard work you did this year to transform yourself.*

Your Environment Card

*Your Environment Card represents someone or something that will act in a beneficial manner for you throughout the year. It is an area where things will come easily to you, something or someone to be grateful for. It is always a good thing regardless of what card it is. You will collect good things from this card all year long.*

Your Displacement Card

*Your Displacement Card usually indicates an area where you will have to pay closer attention in order to have success for this year. It can be a person or thing that requires you to give them extra energy in order for that thing or person to be a benefit in your life. It can also signify 'special' occurrences that only come in certain years of life.*

### About The Year-Long Influence Cards in your First Karma Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading.

Each of these five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

Because these cards are found in your First Karma Card's Yearly Spreads, their influence will be related to most any area of your life, much like those of the Birth Card and Planetary Ruling Card Spreads.

## *Your Long Range Card This Year*

Your Long Range Card

### The Six of Diamonds as the Long Range Card

The Six of Diamonds is a very steady influence and when it shows up as the Long Range card this influence extends strongly for an entire year. This can be good if you are in good financial shape when the year begins because this card will tend to sustain whatever conditions were in effect when the year began, but it can be difficult if you enter the year lacking financially in some way. You could find yourself in a financial rut this year, struggling to get ahead and constantly beset with unpaid bills that sap your accounts.

This powerful 'karma card' insures that any imbalances in your financial picture will be evened out during this year. This may mean you pay off existing debts or you are repaid money you loaned earlier. It is wise to be totally responsible under this influence as dishonest dealings are likely to receive immediate payback. On the other hand, if you recognize the inherent potential in this powerful card, you could get well ahead by always doing more than you were paid for in all your business and financial dealings. This is surely going to bring you additional returns, especially under the karmic money card. As you sow, so shall you reap.

In any event, many of your experiences this year will prove to demonstrate the need for personal integrity and responsibility in all of your financial concerns.

In another vein, this card can mark a year in which you find a deeper purpose for your life and work. Any six in such a prominent position can signal a time when we discover something that we are fated to do. In this case, it would involve helping others to find a more meaningful set of values to base their life upon.

### Keywords:

A year of focus on financial responsibility, balancing of accounts and compromise for balance in financial affairs. I open myself up to discovering a special and higher purpose for my life's work.

## *Your Pluto Card This Year*

Your Pluto Card

### The Seven of Spades as the Pluto Card

This powerful spiritual card will insist that you take an honest look at your work and health habits and root out any that are negative and creating negative results in your life. For this reason, this card is often associated with work and health problems. Obviously you are ready to make some changes in your life to attain better health and lifestyle.

The Seven of Spades is one of the most powerful spiritual influences, which can also mean having the most problems on the material and mundane levels. If you have been harboring negative attitudes or patterns about your work or health, this powerful influence will cause you to face them squarely and experience, more than ever, the consequences of having them. Now, more than ever, you are the captain of your fate. To have the success you want in work and health though, you will have to make some changes in your behavior and in your whole approach to these areas.

The Seven of Spades is called the 'card of faith'. Success with this card requires rising to a new level of living that is beyond our normal fears and concerns. For those involved in spiritual work, this influence challenges you to move towards more success and make progress towards your work and personal goals. Your Result Card will either tell more about this challenge or point to a person with whom you need to adopt a more positive, unattached attitude.

### Affirmation:

I am tapping into the source of God energy and transforming all the negativity in my life into fearlessness and appreciation. I am living faith.

However, your inner creativity is being awakened and for this you will be very happy and fulfilled.
