Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

## Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

## More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

## How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

**STEP ONE** - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

**STEP TWO** - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

**STEP THREE** - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

**STEP FOUR** - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

## Relationship Interpretation LookUp Table

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.
Venus Period	Love, either close friendship or intimate, good for marriage or any relationship.
Mars Period	Aggression and Competition/Anger or Passion or Lust. A good marriage connection if you are a woman. Making love and/or fighting all year.
Jupiter Period	Spiritual and financial or material blessings. Very good influence for marriage or business partners.
Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you, if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

## Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

## *All about Your Birth Card*

*Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.*

The Jack of Clubs Person

The Mentally Creative Card

Creative, dishonest, or a mixture of both? As we can imagine, those who are the most creative can also be the most dishonest and vice versa. Here is a card of mental and financial creativity and these people are no lazy bones. Their brilliant minds are far ahead of the common person and society. They are the people of the Aquarian Age, being neither entirely male nor female. They are progressive and on the cutting edge of the evolution of our society and world.

As members of the royal family they dislike pettiness and tend to be somewhat impatient with the failings of others. They need respect and a position that allows their brilliant minds free reign to create and explore. They are never at a loss for ideas, some of which will bring them huge financial returns. On the negative side, the Jack of Clubs can be irresponsible and in some cases, dishonest. They can see things from so many levels that nothing is really 'wrong' - it is just another way of looking at things. And they can make up a story so fast that they can explain away practically anything. They don't get away with much in that regard though. Saturn's hand always reminds them of the boundaries that keep them balanced and fair. The trouble comes when they start believing their own stories, departing from reality a little too far and creating a lot of hardship before getting back on course.

They are essentially good and giving people. Even though they are argumentative at times, they are loving and friendly to all they meet.

Some of the Jack of Clubs Issues Concerning Relationships

Such a strong and fixed mental approach to life can have its share of challenges for the Jack of Clubs. Mental approaches don't always work in the realms of love. However, these people do not have particularly bad karma in this area. They need someone who is their friend first, and who will allow them some freedom to do and be themselves. If they have this, they are faithful and devoted. The men are excellent lovers and the women excellent companions.

They often have to contend with the ill health of a loved one, or their own health problems that are rooted in some emotional conflict. In most cases their health issues are related to some emotional cause, whether it be family or lover related.

## *All about Your Planetary Ruling Card*

*The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.*

### Four of Hearts as Your Planetary Ruler

This is called the family card and represents a foundation of love and all the good things associated with home and family. These things are very important to you and you probably go out of your way to make sure that you have a circle of close friends that you can count on, and that your home is comfortable and enjoyable. As a matter of fact, you may have special skills that relate to food, beauty or home life in other areas. You are probably a good cook as well. In any case, you will find ways to create security among your inner circle of family and friends. You are a protector and helper to those you love and you hate to see any of them leave. Others feel nurtured in your presence though you must watch out to not smother them at times. Family life can bring you much joy, whether that comes by marriage, or just by creating your own family among those you love the most.

## Auspicious Events Occuring at Age 60

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

### You Have Good Career Influences This Year

Because of the position of your Planetary Ruling Card this year, there are opportunities for you to achieve a larger measure of recognition in your work. Of course, if you are not career or business minded, this influence will have little effect on you. But for those who are trying to get more recognition or wish to become better known, this is a year when some of those dreams will come true.

The cards in your Planetary Ruling Card's Yearly Spread will rise up to the 'Crown Line' sometime this year and because of this, people will pay more attention to what you are doing. You could achieve some sort of award or merely become more recognized in your field. Many people receive promotions during years such as these. Just how it will manifest will depend upon the nature of your work or aspirations. Knowing, however, that these influences are present, it would be advantageous to put more effort into becoming recognized.

### This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

THE LIFE SPREAD

*This Section Has Information From Your Birth Card Spread*

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

## *The Year-Long Cards Found In Your Birth Card Spread*

Your Long Range Card

*Your Long Range Card is perhaps the most important card of the year. It defines something or someone that will be a major focus of your attention. It is neither positive or negative, just a place where a lot of your time, energy or attention will be spent throughout the year.*

Your Pluto Card

*Your Pluto Card is also a very important card in the Yearly Spread. It signifies something or someone that will cause a significant change in some part of your life. It may define an area where you experience a 'mini-death' in your life, a place where you release a negative pattern to make room for a more positive way of life.*

Your Result Card

*Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. But in addition, the Result Card will be someone or something that you will end up with by your next birthday that is a blessing in your life. It is like the gift that you will receive for all the hard work you did this year to transform yourself.*

Your Environment Card

*Your Environment Card represents someone or something that will act in a beneficial manner for you throughout the year. It is an area where things will come easily to you, something or someone to be grateful for. It is always a good thing regardless of what card it is. You will collect good things from this card all year long.*

Your Displacement Card

*Your Displacement Card usually indicates an area where you will have to pay closer attention in order to have success for this year. It can be a person or thing that requires you to give them extra energy in order for that thing or person to be a benefit in your life. It can also signify 'special' occurrences that only come in certain years of life.*

### About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading.

Each of these five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

## *Your Long Range Card This Year*

Your Long Range Card

The Jack of Spades as the Long Range Card

The Jack of Spades usually represents an industrious young man who may also be prone to dishonesty and illegal activities so keep a close eye on him if you know one or run into one this year. The more spiritual ones are considered 'initiates' into the higher wisdom. In some way this person will play a major role in your life this year and be one of the focuses of your attention. You may find yourself dealing with one or more people that are underhanded this year or find that you are guilty of dishonesty yourself. It would be advisable to be extra careful in all your affairs and not give your trust out without checking the person out in detail. Also watch your valuables and keep your doors locked.

In a totally different sense, this may be a year when you are introduced to many new spiritual philosophies and concepts. You may even begin practicing a new ideology related to some new spiritual path that you have begun. Exposure to these new things may cause a significant change in your lifestyle, one that encourages you to do better things for your health and life in general.

Keywords:

A year of success in creative fields such as acting or performing, a year of 'rip-offs' or of spiritual initiation.

## *Your Pluto Card This Year*

Your Pluto Card

The Jack of Hearts as the Pluto Card

This year is likely to see you in a position of having to make some important sacrifices. These may be sacrifices of your time, resources or goals in order to help someone else or for a higher, spiritual ideal. There is a powerful spiritual or religious influence present now that cannot be denied, even though you may find it difficult to do what you feel you are being called upon to do. The sacrifices represented by the Jack of Hearts are often related to someone younger but they can be made just because you are following a higher principle or ideal too. You are learning important lessons this year and experiencing new ways of looking at life and love.

On the deepest levels, the Jack of Hearts Pluto card represents an initiation into higher forms of love. The highest form of love, represented by the Jack of Hearts, is that love that is selfless and willing to make sacrifices for the beloved. Your exposure to this higher love energy may be challenging at times, but the result will be a broadened understanding of the deeper aspects of love and truth.

### *Your Pluto Card This Year* continued...

Your Pluto Card

Your Result Card will tell you more about the nature of this initiation into higher love or tell you who it is related to or who is involved in it.

Affirmation:

Through my experiences I am learning the true meaning and value of sacrifice. I transform my love nature to a higher and more meaningful spiritual level.

### *Your Result Card This Year*

Your Result Card

The Five of Diamonds as the Result Card

This will be a year of many changes for you and as a result of dealing with your Pluto Card you may find that by year's end you are in a much different place than when the year started. There may be a new relationship, living location, and a new career on the horizon. Behind these changes you are undergoing a shift in your basic values. At times there may be some challenges as people and situations seem to confront you. But it seems that change is inevitable.

A change is coming that it will be a good one that leads you in new directions and provides more and much needed personal freedom.

Affirmation:

I complete this year with an entirely new set of values that sets me free to explore new areas in my life.

### *Your Environment Card This Year*

Your Environment Card

The Eight of Hearts as the Environment Card

If you have been waiting for a truly fun year, socially or romantically, this is it. The Eight of Hearts will bring many favorable experiences with people and whether you use this love power and charm in your personal, social, or business life is entirely up to you. The fact is that you will have much better success than usual with people. So plunge ahead with assurance that you will get what you want. This is also a very good card for the healing of emotional wounds.

### *Your Displacement Card This Year*

Your Displacement Card

You are displacing the Queen of Clubs this year.

This is likely to be a year of heightened mental activity and perhaps a good deal of intuition. Don't be surprised if you receive some sorts of premonitions at times. You may get involved in helping others by bringing good information or knowledge to them. Another possibility this year is that you may have to make some kind of sacrifice on behalf of others in your life. In this case, the personal sacrifice could involve children or someone younger than yourself.

If you are a female of the Clubs suit, this card will indicate a focus of your attention towards either romantic or home/mother/family matters.

The Eight of Spades tells us that this year will find you experiencing more power and control over your health and work matters and more power in general. This power can be used to rise to a higher position at work, to improve your health or to have more success in any area of your life. The power and success indicated by this card must be properly applied and directed to get the best results. If you misuse this power to bully others or to impose your will upon them you will create bad karma that will cause you problems in the future. Get your goals clear and use this power wisely. You hold in your hand a magic wand. All you need to do to have anything you want is a little hard work and determination.

A year of physical power and will power that you can use to overcome any problems in work, health or other areas.

## *Your Pluto Card This Year*

Your Pluto Card

The Nine of Diamonds as the Pluto Card

During this year you will find yourself often confronted with financial outlays of one kind or another and these may truly tax your sense of prosperity and financial well being. Whether you are investing this money for the future, giving it to charity, losing it on investments, paying it out on needed expenses, or having unexpected financial outlays such as cars breaking down, you will have to let go of some money this year. The only attitude that will help you retain peace of mind is that of letting go and having faith that you will be provided for by the universe. This year is a cycle of money going out. These are always followed by cycles of money coming back in.

This can also be a year when you complete your involvement with a certain type of work or money making venture or occupation. Usually, when this card is Pluto, we tend to resist letting go of any means of support that has perhaps outlived its real meaning in our lives. Sometimes this card will signal a year when this job or occupation is taken away from us, against our will. If we realize that the time has come to move on and simply accept the timing of things, we can flow with this on to something much better. Something new and better always follows a nine year.

Your Result Card will further clarify how this money will be spent or tell you who is involved in the financial outlays and completions.

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading.

Each of these five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

Because these cards are found in your Second Karma Card's Yearly Spreads, their influence will be related to most any area of your life, much like those of the Birth Card and Planetary Ruling Card Spreads.

## *Your Long Range Card This Year*

Your Long Range Card

### The Three of Hearts as the Long Range Card

This year you will have a strong desire to learn about love and intimate relationships and friendships, mostly through experimentation. Your mind is involved with your heart matters, thus you may expect many changes in romantic areas. This will likely be the cause of many different experiences with love and friendships.

If you are in a position to be wanting a new relationship, this will be a year filled with variety. This means you are likely to have more than one person to love at different times of the year. This card often comes up in people's spreads who are just getting back into relationships after a time of being without one. They often need a year or so to get familiar with who is available and to discover what they are truly looking for. There can be times of confusion and indecision, but these are merely part of the process of getting enough information to make an informed decision.

If you are not looking for a new relationship this card could indicate meeting many new and interesting people in the year or of having some prolonged element of indecision in your existing love situation. Sometimes the Three of Hearts can mean fears about not getting enough love. If that is the case, you may be able to see that it is your own indecision or uncertainty about commitment that is at the root of your worries.

### Keywords:

A year of experimentation in love and friendships and indecision in these areas. I am learning about love or sex.

## *Your Pluto Card This Year*

Your Pluto Card

### The Nine of Hearts as the Pluto Card

This year you will likely have one or more of your most important relationships coming to an end. The time has come to let go of these and move on and yet, it may not be easy to do. Either you are wanting it to end and that is a problem for you or you don't want it to end and it is ending anyway. Personal attachments may be surfacing that make these endings very difficult. These endings could manifest as a divorce, either personally or professionally, or as the actual leaving or death of someone close to you. Even the death of a pet would qualify as a Nine of Hearts experience, especially if you had close bonds with the pet.

If these endings leave you disappointed in any way, it is likely that you are

emotionally attached someone. It is likely that you have an internal conflict about this. There are probably two parts inside yourself - one that wants an ending to one or more relationships, and one that doesn't. If you can tune in to yourself you may be able to resolve this inner conflict and reach a place of acceptance.

The universe is dictating that the endings must happen. If you change your perspective you may discover that these endings are really the best thing for all concerned, and that includes you. Your Result Card will further describe these endings or tell you who it is that you will be ending it with.

Affirmation:

I am letting go of relationships that were once good for me, but now have outlived their purpose in my life. I set myself free to move on to better relationships.

### *Your Result Card This Year*

Your Result Card

The Five of Hearts as the Result Card

One of your major goals this year involves making changes in either your friendships or intimate relationships. These important changes may even result in a divorce from one or more current long term relationships. You are changing what you want emotionally and are wanting to experience new and different people and pleasures. This may be a big transition year for you. Your Pluto Card may specify a person who is central to this change or further describe it.

A change is coming that it will be a good one that leads you in new directions and provides more and much needed personal freedom.

Affirmation:

I achieve new freedom in my choice of friends or lovers. I successfully broaden the scope of my friends and associates.

### *Your Environment Card This Year*

Your Environment Card

The Seven of Hearts as the Environment Card

This could be the year that you have a real experience of unconditional love. As you allow others to be who they are, you also allow yourself to be yourself and in this way you will be able to experience a new sense of personal freedom. It also means having a knowing that there will always be enough love in our life, because it comes from within.
